Annahmebedingungen:

Handling:

Die Interzero Product Cycle GmbH (IPC) betreibt ein Sammelsystem für leere Original-Druckerpatronen und Tintenpatronen.

Für die Sammlung stellt die IPC jedem Sammler die IPC-Box bzw. bei Bedarf größere Behälter wie die Palettenkartons kostenlos zur Verfügung. Sie können jedoch auch eigene Kartons oder Einweg- / Europaletten nutzen.

Ist der Sammelbehälter / die Palette vollständig bepackt, avisieren Sie bitte die Abholung gemäß Vereinbarung.

Achten Sie bitte darauf, die Sammelbehälter maximal, jedoch bruchstark, mit Modulen zu beladen. Eigene Kartons und die IPC-Box können bis zu einem Gewicht von 30 kg befüllt werden. Für schwerere Einsendungen oder Kartons > 3 m Gurtmaß (2 x Breite + 2 x Tiefe + 1 x die längste Seite) behält sich die IPC vor, die Mehrkosten an den Sammler weiter zu berechnen.

Vergütung /Abrechnung:

Vergütungsfähig sind die Leermodule, die auf der zum Zeitpunkt des Eintreffens des Sammelbehälters gültigen Leergutankaufliste aufgeführt sind. Die entsprechende Ankaufliste erhalten Sie monatlich per Email durch die IPC. Bitte beachten Sie, dass wir pro Gesamtlieferung nur max. 100 Module des gleichen Artikels annehmen.

Für alle Tonermodule, die sich nicht auf der Ankaufliste befinden, für alle defekten Module sowie für alle bereits recycelten Tonermodule (Non-Virgin) berechnet die IPC eine Entsorgungsgebühr von 0,60 € /Stück.

Die IPC behält sich ebenfalls vor, übermäßig stark verschmutztes Leergut, sowie Fremdmaterialien wie Tonerflaschen aus Kopiergeräten, Transferkits, Reinigungskits, Resttonerbehälter und sonstige Inhalte gegen eine Gebühr von 0,60 € / Stück zu entsorgen. Für Fehlwürfe wie Restabfälle, Farbbänder oder Sonderabfälle berechnet die IPC Entsorgungskosten in Höhe von 25,00 € netto pro Kilo.

Pro Sammelbehälter muss eine Vergütungssumme von 20,00 € (dies gilt für eigene Kartons und die IPC-Box) bzw. 80,00 € pro Großbinde (für Boxlite, Gitterboxen und Paletten) erreicht sein. Nur dann kommt die Sammeleinheit zur Auszahlung.

Die im Rahmen der Abrechnung ausgestellten Abrechnungsgutschriften und Rechnungen werden bei der Zahlung ggf. verrechnet. Sollten die eingesandten Module in einem Sammelbehälter wegen ihres Verschmutzungsgrades komplett entsorgt werden müssen, berechnet die IPC eine Pauschale von 35,00 € pro Karton / Sammelbox bzw. über 150,00 € pro Großbinde.

Diese Ankaufliste gilt nicht für Elektroschrott-Betriebe, Refiller und Broker.

Unsere fachgerechte Eingangskontrolle dient als Berechnungsgrundlage. Dieses Angebot ist freibleibend. Die Preise verstehen sich zzgl. der gesetzlichen MwSt.
